

# SUSTAINABLE DEVELOPMENT GOALS

## 5 GENDER EQUALITY

5.6.5 Does your university as a body have childcare facilities for staff and faculty? (Free / Paid)

Yes, Discounted Fees

UBT provides an on-campus nursery, managed by an external provider, offering convenient childcare options for female employees and students. This service allows them to focus on their responsibilities and tasks more efficiently, knowing their children are nearby in a safe environment. To further support accessibility, the nursery offers discounted fees to UBT affiliates, making it an affordable and practical solution for balancing work, studies, and family responsibilities (Refer to Evidence No. 1: UBT Nursery).
